

Country Profile: Central African Republic

Central African Republic is one of the world's least developed nations and has experienced several periods of political instability since independence from France in 1960. Despite an on-going peace process and the presence of a democratically-elected government in the capital, Bangui, rebels still control large portions of the northern provinces in the country, and highway bandits prey on civilians and travelers in much of western CAR. In the country's Dzanga-Sangha National Park in the southwest, facilities for tourists are being developed but remain limited. Read the Department of State [Background Notes](http://www.state.gov/r/pa/ei/bgn/4007.htm) on the CAR at <http://www.state.gov/r/pa/ei/bgn/4007.htm> for additional information.

Seven Corners is one of the industry's most experienced travel health insurance providers. The company serves leisure, student, business, government and missionary/volunteer travelers. It offers an extensive selection of international medical and travel insurance policies to U.S. citizens traveling overseas or foreign nationals visiting the United States. Seven Corners has thousands of policy holders and a worldwide network of 30,000 agents. The company created and maintains the industry's most comprehensive network of international health care providers that includes thousands of doctors, pharmacies and hospitals around the globe. Seven Corners is a member of the United States Travel Insurance Association, is GSA certified and is currently pursuing a SAS 70 Type II compliant designation. In addition to travel medical insurance, Seven Corners also offers health care administration to the government sector. The company is privately held and headquartered just north of Indianapolis in Carmel, IN.
