

Country Profile: Haiti

Haiti is one of the least developed and least stable countries in the Western Hemisphere. The availability of consumer goods and services is barely adequate in the capital, Port-au-Prince, but other parts of the country experience chronic shortages. Most consumer products are imported and expensive. Some tourism facilities in the large cities and resort areas are satisfactory, but many are rudimentary at best, and are difficult to find in most rural areas and small towns. Read the Department of State [Background Notes](#) on Haiti for additional information.

Seven Corners is one of the industry's most experienced travel health insurance providers. The company serves leisure, student, business, government and missionary/volunteer travelers. It offers an extensive selection of international medical and travel insurance policies to U.S. citizens traveling overseas or foreign nationals visiting the United States. Seven Corners has thousands of policy holders and a worldwide network of 30,000 agents. The company created and maintains the industry's most comprehensive network of international health care providers that includes thousands of doctors, pharmacies and hospitals around the globe. Seven Corners is a member of the United States Travel Insurance Association, is GSA certified and is currently pursuing a SAS 70 Type II compliant designation. In addition to travel medical insurance, Seven Corners also offers health care administration to the government sector. The company is privately held and headquartered just north of Indianapolis in Carmel, IN.
